

TGR TEAM WedsSport BANDO

Overview of the 2025 SUPER GT Participation Structure

In 2025, Weds Co., Ltd. decided to participate in the SUPER GT 2025 SERIES under the name "TGR TEAM WedsSport BANDO." We will continue to support Racing Project Bando Co., Ltd. and participate in the "SUPER GT GT500 class" with the "TOYOTA GR Supra GT500" under the following structure.

The team has been fully participating in the All Japan GT Championship (JGTC) since 1998, and in 2025, it will mark the 15th season since stepping up to the GT500 class, with expectations for a battle that will engrave its name in history.

The team manager will be Masataka Bando. The driver lineup will continue with the well-coordinated duo of Yuji Kunimoto and Sena Sakaguchi, who are entering their fourth season together. With exceptional speed and stable teamwork, they aim to achieve the long-awaited series championship.

Team Manager **Masataka Bando**

We are very grateful to Weds Co., Ltd. for their strong support in allowing us to participate in the 2025 season. The 2025 season will be our 15th year in GT500. Although we have not yet become part of the top teams, we will work hard to earn the recognition of our predecessors and make our team one that they acknowledge. The 2024 season was a difficult one, and achieving strong results proved challenging. We will fight with all our might in 2025 for the time that we felt frustrated, and we will fight with the team staff to be conscious of our actions that will not disgrace the words of the eternal theme "Challenge" by Weds Co., LTD. In 2024, the TGR team won the series champion title again. We will try to make up for what we lack from the off-season so that we can contribute to the TGR team and make our drivers shine.

In 2025, I will make efforts to create opportunities to meet all of you, build a community of car guys and racing fans, and bring smiles to everyone. Additionally, I will work to enhance the image of Weds Co., Ltd. and help boost the entire automotive industry.

In 2025, a third driver will also be registered. I expect all three drivers to showcase a strong commitment to winning and a spirit of challenge, delivering thrilling performances that will delight the fans. The entire staff will work together, united in the pursuit of victory.

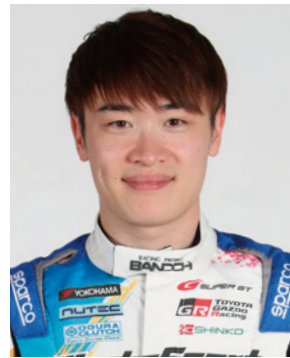

The theme for 2025 is "Win and Grow".

We look forward to your continued enthusiastic support in the 2025 season. Let's fight and challenge together!

Driver **Yuji Kunimoto**

This is my 10th season with TEAM WedsSport BANDO. With gratitude towards the team and pride in my heart, I will fight with all my might to achieve results. Please look forward to us and we appreciate your support for the 2025 season.

Driver **Sena Sakaguchi**

I am excited to be able to race the #19 car again from last season. The 2025 season will be my fourth year. In the 2024 season, I struggled to adapt to the regulation changes, but I believe I have gained valuable data and a better understanding of the direction we need to take. Thanks to that, in the second half of the season, there were situations where we were able to race at a good pace. In the 2025 season, we will try to turn those experiences into results and aim for our first victory in two years. We appreciate your support.
